

Spirit of Diamond

2017 Excellence and Accountability Recognition Awards

Goal: To recognize people who demonstrate the values of Diamond in a consistent and productive manner, and who embody the “Spirit of Diamond” in a way that motivates and challenges others to do their best.

Categories of Recognition: Excellence and Accountability in:

- Quality Care
- Ethical Conduct
- Financial Stewardship

Eligibility: Any employee or hospital client may nominate a Diamond Healthcare Corporation employee, team or non-Diamond employee who works in a Diamond program to receive recognition. Employees can not self-nominate. Patients can not directly nominate individuals, but a supervisor can pull information from a patient satisfaction survey, letters or cards received from patients or patients’ families and nominate.

‘Above and beyond’ is more than doing one’s job. It is an outstanding, significantly higher than expectations, effort and outcome.
- Exhibits a high degree of professionalism
- Positive influence on the workgroup
- Presents in a client facing manner
- Promotes positive morale through a congenial, supportive attitude and by providing service to others
- Must not have achieved a “below expectations” rating in their annual review and/or be on a performance improvement plan
